June 11, 2021

From the Principal's Office: (doucetr@lrsd.ab.ca)

On Thursday, June 3, we held our annual Awards ceremony. To view a copy of the program, please visit June [Awards, Program Link](#). Despite the pandemic, our students have done amazingly well, and it was a pleasure to award them many honours. We announced legion awards at our awards ceremony. To view the announcement from the legion, please visit the Legion JT Foster Remembrance Day Winners <https://youtu.be/wDH6xmkumiw>

The June 11 update will be our last weekly update that includes the teacher sections. Teachers will be working on their final exams and final report cards. As we have done the last few years, report cards will be mailed as soon as they are ready.

Hockey Academy registration is open for the 2020-2022 school year. Visit [Hockey Academy](#) to download registration forms. Please complete the forms and return them to the school by June 21.

Livingstone Range
SCHOOL DIVISION

Our Mission:

- To create lifelong engaged learners.
- To inspire excellence in leadership, academics, athletics, and fine arts.
- To develop critical thinkers, problem solvers, and ethically responsible citizens.

Our Vision:

- People: Be a great place to learn, be inspired, and self-discovery.
- Planet: Be a responsible and ethical citizen in a local and global world.
- Community: To create a dynamic engaged community that includes the arts, athletics, and respects the agricultural roots and traditions of our community in order to nurture creativity and lifelong learning.

Teacher Updates

Grade 7:

Baxter (Drama 7) Students will be involved with Theatre Games for the remainder of the year.

Doucet & Porteous (Social Studies A & B): Our final unit is a survey of how the remainder of the provinces and territories became part of Canada. Next week will be doing some review activities in preparing for the final exam,

Gammie (PE): Students are demonstrating skills, positive communication and effort while participating in softball.

Hatch (Science): This week in science, students are finishing off our brochures for the Planet Earth Unit. Please ensure you have gone over this assignment with your student as it represents the final mark this year, excluding final exam. Extra rubrics for this assignment can be found on the Google Classroom.

Howard (Math): We are wrapping up our final unit this week on Probability and Working with Data. Review booklets have been distributed and are available on Google Classroom as well. No do hesitate to reach out for extra support before or after school during the final week of classes and during finals week. **Final Exam: Tuesday, June 22 @ 9:00 am.**

MacLachlan (ELA 7A): This week, we are working on a "This I Believe" response, and will hopefully be making some time for a fun letter-writing project. Our final is June 17th. All missing work is due by June 16th. Should you require extra ELA help, you can arrange to meet with me during your lunch on Monday/Wednesday, or after school.

Gamache (Shop7B) We are excited to be working independently on our projects.

Grade 8:

Baxter (ELA A & B): Students will be reading and analyzing poetry and short stories for the remainder of the year. Students should be reviewing ELA terms, on Google Classroom, for their **Final Exam: Friday, June 18 @ 9:00 am. "A parent or a teacher has only his lifetime; a good book can teach forever." —Louis L'Amour**

Gammie (PE): Students are demonstrating skills, positive communication and effort while participating in softball

Hatch (Science): This week in science, we have begun our review of the year's content, starting with the Fresh & Salt Water Systems unit. All brochures have been released to students from our previous units. Please ensure these are not lost as they will be very beneficial for next year's content.

Howard (Math): We are wrapping up our final unit this week on Probability and Data Representation. Review booklets have been distributed and are available on Google Classroom as well. No do hesitate to reach out for extra support before or after school during the final week of classes and during finals week. **Final Exam: Thursday, June 17 @ 9:00 am.**

Henning (Social Studies): After this week we have finished out all of our content for the final **Japan Worldview** unit. Next week we will be reviewing for our final exam which takes place on Wednesday, June 23rd.

Gamache (Shop) : We are excited to be working independently on our projects.

Grade 9:

Baxter (ELA): Students will be reading and analyzing poetry and short stories for the remainder of the year. Students should be reviewing ELA terms, on Google Classroom, for their **Final Exam: Wednesday, June 23 @ 9:00 am. "Outside of a dog, a book is a man's best friend. Inside of a dog, it's too dark to read" —Groucho Marx**

Anderson (Science): Reminder: Course Review & Key is up on the Google Classroom (posted May 31st), be sure to study a little bit each night. Unit E "Space Exploration" Exam Tuesday, June 15th. The Final Exam is Thursday, June 17th. Extra help is available; please make arrangements with Mr. Anderson.

Gammie (PE): Students are demonstrating skills, positive communication and effort while participating in softball

McNutt (Math): Students have completed the curriculum for Math 9 and are participating in review sessions during class time. Students have been given a review package with an answer key and there are additional study materials on Google Classroom. Final exam is Friday, June 18th.

Greven (Math): This week we continue to review previous units. Students have study guides available to them in their Google classroom and are encouraged to practice questions. Our exam is on June 18th at 9:00am.

Gamache (Shop 9) We are excited to be working independently on our projects.

Grade 10:

Anderson (Science 10): Reminder: Course Review & Key is up on the Google Classroom (posted May 31st), be sure to study a little bit each night. Unit D "Energy Flow in Global Systems" Exam Monday, June 14th. The Final Exam is Tuesday, June 22nd. Extra help is available; please make arrangements with Mr. Anderson.

Doucet (Social 10): Students are finishing their final unit project. Next week is time dedicated to finishing up assignments or projects not yet handed in and preparing for the final exam.

Gammie (PE 10): Students are demonstrating skills, positive communication and effort while participating in softball

MacLachlan (ELA 10): We are finishing the year with a film study, modern play, and review for the final, which is June 18th. All missing work is due by June 16th. Should you require extra ELA help, you can arrange to meet with me P3, or after school.

McNutt (Math 10C): Students have worked hard all semester and are currently wrapping up the final chapter, Systems of Equations. There will be a Chapter 10 exam on Wednesday, June 16th during class. Math 10C final exam is Tuesday, June 22.

Baxter (CALM): Students will be completing the Resources Unit this week. They should be working on their Research Presentations. Students sign-up for the day they will present to the class. Any student who has 80% or higher does not have to write the CALM **Final Exam on Wednesday, June 23 @ 9:00 am.**

Greven (Foods): We will continue to complete the fast and convenience foods module.

Gamache (shop): We are excited to be working independently on our projects.

Grade 11:

Anderson (Bio 20): Reminder: Course Review & Key is up on the Google Classroom (posted May 31st), be sure to study a little bit each night. Unit D "Human Systems" Exam Monday, June

14th. The Final Exam is Wednesday, June 23rd. Extra help is available; please make arrangements with Mr. Anderson.

McNutt (Math 20-2): Students have completed the Math 20-2 curriculum and are currently reviewing content in preparation for the final exam on Thursday, June 17th.

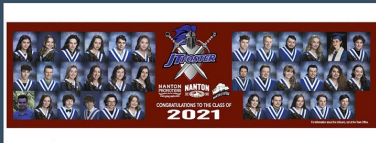

Grade 12:

Anderson (Physics 30): Reminder: Course Review & Key is up on the Google Classroom (posted May 31st), be sure to study a little bit each night. Unit E "Atomic Physics" Exam Tues. June 15th. The Final Exam is Friday, June 18th. Extra help is available; please make arrangements with Mr. Anderson.

MacLachlan (ELA 30): We are finishing out the year with a film study, modern play, and review for our final which is on June 23rd. All missing work is due by June 16th. Should you require extra ELA help, you can arrange to meet with me P3, or after school.

McNutt (Math 30-2): Students have completed the Math 30-2 curriculum and are currently reviewing content in preparation for the final exam on Tuesday, June 22.

KNOW A 2021 GRAD?

Do you want to send a personal message to a Grad this year?

Contact info@euroradio.ca and we will get it ON-AIR!

euroRADIO is proud to offer to ANYONE who wants to record a special message for a 2021 Graduate an opportunity to contact us at info@euroradio.ca. We will help record a message and get it on the radio for the Grads to hear.

From the desk of our FSLC:

Congratulations! We all made it to the end of the school year and to summer!

Please take time with your families to enjoy the break, allow yourselves and your children to relax, refocus and recharge. Get outside, have fun and make sure to keep being kind.

Should you need resources throughout the summer, check out the division website [Wellness Resources for Students, Staff and Families](#).

By June 16, the final day of regular classes, I will no longer be meeting regularly with students. Should a need become urgent or you need to speak with me, I will still be available during exam time. Remember that if you aren't sure how to access community resources, you can always contact [211](tel:211) for assistance.

Have a fun and adventurous summer!

Angie Conway
conwaya@lrsd.ab.ca

From the desk of our Career Practitioner:

I hope all of our JTF families have a relaxing summer break! Over the course of this year, I have enjoyed getting to know more of our students and helping them with their plans following high school. Our graduating grade 12 students are now off to start full time employment or attend college/university and we are all incredibly proud of them.

I will start working with our current grade 11 students in the fall to assist with post-secondary applications, program planning and job search activities. As always, I am happy to connect with students and parents any time to help with career planning, scholarship and loan applications and generally trying to sort through the huge variety of career options available to our students.

As a reminder to our grade 12s, the [Rutherford Scholarship](#) (up to \$2500 for post-secondary studies) application form will be available in early August and takes only 7 minutes to complete online! Here are some websites you might wish to access over the summer. If you need assistance, feel free to contact me!

[Grade 11 Award of Merit \(U of L\) due: June 30, 2021](#)

[Rutherford Scholarship link \(application available in August 2021\)](#)

[Alberta Student Aid \(Loans, Grants, Scholarships\)](#)

[ALIS Occupational Information \(look up hundreds of occupations here!\)](#)
